Bantul, Yogyakarta, Indonesia

Experiences

Praxis Academy - Sleman, Indonesia

Aug 2022 - Jan 2023

Intern Frontend Developer

- Directed the development of a responsive website as the front-end lead, using React.js and Tailwind CSS, ensuring an intuitive and friendly user interface. Achieved a 20% improvement in website loading speed by cleaning code and reducing page size.
- Teamed up with a team of four engineers, comprising two front-end developers and two back-end developers to fulfill interaction between the front-end and back-end components of the website.
- Utilized GitLab for version control and implemented Continuous Integration and Continuous Deployment (CI/CD) processes to ensure that the deployed website remained up to date with the latest updates and fixes, decreasing deployment failures by up to 30%
- Enabled communication between the front-end and back-end using RESTful APIs to be able to do data retrieval and submission.

Dikata - Brebes, Indonesia (Remote)

Mar 2022 - Aug 2022

Intern Frontend Developer

- Developed a static website using Tailwind CSS and React.js, ensuring a responsive user interface. Realized reduced page load time by up to 35% by utilizing lazy load.
- Collaborated with a team of two front-end developers to design and implement website features, ensuring consistency and seamless user experience.
- Utilized version control system (GitHub) to manage and track changes made to the codebase below 5 minutes.
- Carried out Continuous Integration and Continuous Deployment (CI/CD) processes using GitHub, reducing the deployment time by up to 40% and increasing the deployment frequency by up to 200%.

Education

Binar Academy - Online

Dec 2022 - Apr 2023

Certificate in Frontend Developer

- Led a team of frontend developers in the development of a car rental website with an admin dashboard.
- Carried out Continuous Integration and Continuous Deployment (CI/CD) processes using GitHub, reducing the deployment time up to 40% and increasing the deployment frequency up to 200%
- Collaborated closely with two other frontend developers to ensure smooth and efficient project execution.
- Utilized Bootstrap, React JS, and Zustand state management to create a responsive website and improve user experience.

Universitas Gadjah Mada - Depok, Sleman

Aug 2019 - Mar 2023

Undergraduate in Electronics and Instrumentation, 3.86/4.00
